

Cats in the Classroom

FLAGSHIP FACILITY

September 2004 saw the charity entering an exciting stage of growth with the opening of the National Cat Centre (NCC) located on the edge of the Ashdown Forest, near Haywards Heath, Sussex.

The NCC is a truly stunning place and we will be making it all our own over the next few months. It will be a place where we can offer a range of services to our cats, including rehoming, veterinary care, and a place where we can offer a range of services to our staff and volunteers.

Open from 9am to 5pm, the NCC is a place where we can offer a range of services to our cats, including rehoming, veterinary care, and a place where we can offer a range of services to our staff and volunteers.

Meeting the cat's needs

Each cat is treated by the resident cat support team, supported by a team of staff and volunteers. The team is made up of people who are passionate about cats and who want to ensure that every cat has the best possible life.
